Restauration du Patrimoine — Maçonnerie

Taille de pierre — Matériaux nobles et naturels

General contractor :
Commune de Brantôme

General coordinator
DPLG architect

General view

Full renovation of the old church Notre-Dame of Brantôme Registered MH 1958

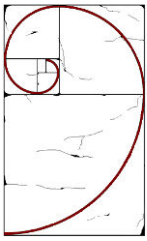

Church originally created in the XVIth century and transformed into a covered marketplace in the XIXth century.

Building registered as Historical Monument since 1958

The latest use of the place was dedicated to sport activities

The renovation consisted in reconstituting of the indoors and outdoors spaces to re-create its original aspect
